An ISEPP Pre-Conference Event

In July, 2014, 100 + people gathered at the Wisdom House in Litchfield, CT for the MindFreedom Creative Revolution Conference. It was notable for its unique format **and** the commitment from participants to promote approaches that support self-determination and safe, humane and effective options in mental health. This year we are delighted to be affiliated with the ISEPP annual conference, *Understanding Trauma: Responding Beyond the Medical Model*. Please join us to continue the creative revolution.

The 2015 MindFreedom Mini-Conference: Continuing the Creative Revolution in Mental Health

We have invited people with knowledge and experience in the following approaches or “tracks” to help participants learn about, create and promote them far and wide. The tracks are:

- ⇒ Open Dialogue
- ⇒ Soteria House
- ⇒ Peer Respite
- ⇒ Hearing Voices Network Groups
- ⇒ The Sunrise Center for Psychiatric Drug Withdrawal
- ⇒ Intentional Peer Support

We invite you to bring your interest and energy to work on continuing this movement.

The conference will open with a keynote address and brief presentations on each of the tracks. In the afternoon we will break into track groups for in-depth information, discussion and work. More information will be available soon.
