Psychiatric Experience: Clinical, Forensic, and Research

Clinical and Forensic Consultant – 1201 Clipper Lane – Wilmington, NC 28450
February 2008 through present

Contract consultant for clinicians, patients, and attorneys specializing in review of records, preparation of treatment plans, neurotoxicology research, lecturing, and writing.

Private practice – 1213 Culberth Drive – Ste. 139, Wilmington, NC 28405
May 2007 through January 2008

Clinical psychiatrist specializing in forensic consultation, psychotherapy, medication management (detox/neurorehabilitation), neurotoxicology, lecturing, and writing.

Forensic Consultant – 4021 Brookstone Drive – Winterville, NC 28450
October 2006 through April 2007

Contract consultant for forensic cases involving psychiatric rights, medical negligence, product liability, and neurotoxicology.

Veterans Administration Mental Health Clinic – Locum Tenens Psychiatrist, Eugene OR
July 2006 – September 2006

Clinical psychiatrist assigned to outpatient psychiatric clinic. Responsible for psychiatric evaluations, medication management, medical workups, and monitoring. Updated metabolic profiles in accordance with Veterans Administration IG guidelines.

Ordered and read EKGs where indicated. Close collaboration with social workers, nursing staff, and community caregivers in the case management of patients with severe and chronic mental illness. Assignment required adjustment of complex polypharmacy regimens in order to minimize metabolic and neurobehavioral toxicities of previous and continuing treatments. Caseload: 200+ patients ranging in age from 20s to 80s.

Forensic Consultant - 4021 Brookstone Drive – Winterville, NC 28450
March 2004 through June 2006

Contract consultant for forensic cases involving psychiatric rights, medical negligence, product liability, and neurotoxicology.

NC Department of Corrections – Locum Tenens Psychiatrist, Eastern NC
August 2003 – March 2004

Clinical psychiatrist assigned to misdemeanor in-processing camp, low custody camp (outpatient), and long term residential facility (housing chronically mentally ill prisoners). Responsible for evaluations, medication management, psychotherapy, discharge summaries, and treatment planning with multidisciplinary team.

Independent forensic consultant, researcher, author, lecturer –
4003 Gaston Court - New Bern NC 28562

April 2002 – June 2003

Expert witness with Law Project for Psychiatric Rights. Initial stages of background research preparatory for writing of first book (*Rethinking Psychiatric Drugs: A Guide for Informed Consent*) published in July 2005.

Staff Psychiatrist, National Naval Medical Center, Bethesda, MD

July 2000 - March 2002

Assigned to adult outpatient clinic at Bethesda Naval Hospital and US Naval Academy. Evaluated and treated active duty military members, dependents, and retirees. Responsible for thorough medical workups and consultation with all relevant specialty clinics. Prepared variety of administrative documents, including medical boards, TDRL (Temporary Disability Retirement List) reports, memoranda for administrative separations, letters for insurers or employers. Devised and delivered comprehensive treatment plans, incorporating supportive, cognitive / behavioral, and psychodynamic psychotherapy; pharmacotherapy; and referrals to outside providers (nutritional, exercise, relaxation, energy-based, music, and/or art therapies). Supervised residents as attending physician on-call, assisting with emergency room assessments and dispositions, adolescent admissions, and surgical/medical ward consultations. Supervised psychiatry interns during their weekly continuity clinic, including pre-clinic viewing and discussion of pertinent films (humanities/literature). Back-filled for staff psychiatrist / department head in Corpus Christi, TX, performing leadership role as only staff psychiatrist on site (October 2000). Assisted Bethesda Chief of Clinical Staff in preparation of Command Provider Morale Survey (August 2001).

Internship and Residency Rotations - 1996 - 2000:

PGY-1 rotating internship, including two months of inpatient psychiatry; two months of neurology; one month each of C/L psychiatry, emergency medicine, family practice, pediatrics, ambulatory care, OB/GYN, general surgery, CCU, internal medicine.

PGY-2 Seven months inpatient adult psychiatry at Walter Reed Army medical center (54 bed locked psych/med ward), 1 month inpatient addictions (Malcolm Grow), 1 month adult Partial Psychiatric Hospitalization program (Walter Reed), 1 month inpatient child/adolescent psychiatry, 1 month emergency psychiatry / night float, 1 month NOVA (Northern Virginia State Hospital) chronically mentally ill

PGY-3 dedicated year of outpatient psychiatry, including long-term and short-term psychotherapy: two long-term psychodynamic cases, two CBT cases, one short-term psychodynamic case, two family therapy cases, one marital psychotherapy case, one short-term psychotherapy group, one long-term psychotherapy group, > 100 active medication management cases (active duty members, dependents, retirees)
