Thanks, Lili; looks like a great list.

One suggestion: I recently returned from the annual meeting of the British Association of Psychopharmacology held in the UK, and met a lot of people from the IOP (Institute of Psychiatry) in London. They are an extremely active research group, and are doing studies with Seroquel and other agents. I know Lyn Pilowsky was invited from that group, but I heard she was unavailable; it may benefit us to invite one of her colleagues (maybe she can decide) talk about their FIRST study, or some other Seroquel projects they are working on.

Let me know if I can help further

Best wishes,

Wayne

Hi Wayne,

Thanks, I had a wonderful vacation in Paris.

Attached you find the list of investigators we had sent the invitations so far.

There is a new list that I am preparing after recommendations from market companies, inclusive investigators from Colombia and Israel.

Please let me know if you need any further information.

Best regards,
Lili
