Looks very good.

I've attached the new form as well!

Dear all,

Please find attached the [REDACTED] WWS poster PDF for ATP. I also attach a completed ATP form. This version of the poster incorporates the teams' (minor) comments and the author has answered all the outstanding queries we had. I would be very grateful if you could provide ATP by Wednesday 28 January, as we need to get the poster to print by the end of the week.

Kind regards,

Lucy
