Subject: RE: NEED RESPONSE: FW: Trial 49 slide set CME review changes

All,

The slides were originally budgeted and paid for by Joan Shaw (all off-label slides are financed outside of commercial for obvious legal reasons) and were completed to the agreed specifications. The changes proposed to comply with US review would have to come from either an expanded PO from Joan or from a new one initiated in the US.

Joan, can you please advise our US colleagues if you are okay to expand the \$ on your PO or if you request that the US MC creates a new PO with PXL -- thanks!

Best,

Bill Hess
