| 05/26/2009 | 2189 | ORDER: The court is cognizant of the cases in this circuit indicating that plaintiffs are not entitled to the opportunity to substitute an expert for one who has been disqualified under Daubert and Rule 702 of the Federal Rules of Evidence. Nevertheless, in some cases fairness may require the substitution of an expert to protect the plaintiff's claim on the merits. A preliminary review of the motions for summary judgment now pending suggest that at least some of the cases listed above may be disposed of without the need for expert testimony provided by the plaintiff. Any motion seeking an opportunity to substitute a new expert should therefore be addressed individually in each case so that it may be ruled on when considering defendant's motion for summary judgment as to that specific case. Defendant's motion to collectively grant summary judgment and to collectively preclude the substitution of a new plaintiff's expert in the above-captioned cases is denied. Plaintiffs' motion to preclude consideration of summary judgment is denied. Ordered by Senior Judge Jack B. Weinstein, on 5/21/2009. (Barrett, C) (Entered: 05/26/2009) |

In the event that any of these Inactive Claimants' claims are waived, TGLF shall merge any such funds into the Special State Fund described in paragraph 3 of this Order. With regard to the 33 Inactive Claimants who have not provided Lilly with Valid releases (totaling $540,047.92), their claims are deemed waived and TGLF shall immediately merge this sum into the unallocated funds to be made available for pro rata distribution consistent with paragraph 5 of this Order. Within 5 days of this Order, TGLF shall provide a list to each claimants' counsel of all claimants represented by that law firm who are in this group;The $1,750,000 set aside in this Court's September 11, 2006 Order as the Special State Fund, shall remain intact until September 11, 2011 per this Court's original order establishing the Special State Fund; All amounts remaining in the unallocated funds (currently in the amount of $4,888,281.41) plus any interest earned thereon shall be distributed on a pro rata basis (based upon the claimants' original primary award) to all claimants whose primary injury category is death, insulin dependent diabetes ("IDDM), or non-insulin dependent diabetes ("NIDDM") consistent with the settlement documents. This distribution shall not begin until June 30, 2009 to permit time for the money that is currently "in motion" to clear the Fund's account and, thereafter, to permit the administrators and accountants appropriate time to reconcile the Fund. In the event that any claimants cannot be located to receive their pro rata payment, which the Court believes will be inevitable in this case, those sums shall be deposited into the Special State Fund after all efforts to located any such missing claimants is made. Claimants' counsel shall keep a record of all efforts made to locate these claimants. Any proceeds returned to the Zyprexa Settlement Fund Escrow Account pursuant to any annual tax filings ("tax returns") by the Fund are to be held with the Special |

| 07/24/2008 | 1811 | ORDER: The court inquires whether a possible conflict of interest would result, should there be settlement negotiations or trials for all or any of the Zyprexa overpricing cases or potential cases, if one attorney represents what may be considered three different plaintiff subclasses--third-party payers, individual patient payers, and state Attorneys General. It is conceivable that negotiation dynamics could potentially lead to favoring one group over another for a variety of reasons.
