Dear Vikram,

I have heard that you have agreed with Martin and Wayne that it is that weight gain will not be brought back to the upcoming Seroquel SERM and that the current statement in the CDS regarding "limited weight gain" will remain intact for the time being.

As the decision previously taken at SERM was to delete the word "limited", could you please let me know how the reversal of original SERM decision will be recorded? Will the decision be minuted in the SERM minutes even though it is no longer on the agenda. I think it is important that the decision is recorded in an appropriate way given the legal standing of the SERM committee.

Best regards,

Russell
