

## Prescriber Detail Report

### Header Definitions

Column	Definition
Rank	Prescriber's standing based on total outlier dollars considered for rank (Ranking Column)
Prescriber ID	Unique ID used to identify the prescriber
Prescriber Name	Name of prescriber, normally in the following format "Last, First Middle"
Total Patients	Unique count of all behavioral health patients associated with claims that are identified for this prescriber, whether they are identified by a quality indicator or not
Total Paid	Sum of all behavioral health dollars associated with unique claims that are identified for this prescriber, whether they were identified by a quality indicator or not
Total Claims	Unique count of all behavioral health claims that are identified for this prescriber, whether they were identified by a quality indicator or not
QI Claims	Unique count of claims that are identified for this prescriber across all quality indicators (each claim is only identified once even if identified by more than one quality indicators)
QI Paid	Sum of total dollars associated with unique claims that are identified for this prescriber across all quality indicators (each dollar is only identified once even if identified by more than one quality indicators)
QI Patients	Unique count of patients associated with claims that are identified for this prescriber across all quality indicators (each patient is only identified once even if identified by more than one quality indicators)
Ranking	Sum of dollars associated with unique claims that are identified for this prescriber across all quality indicators (excluding quality indicators associated with multiple prescribers, discontinuance and opiate quality indicators); this column is used for ranking prescribers
Total Claims for QI Patients	Count of all behavioral health claims that are identified for this prescriber for all patients that are identified by a quality indicator
Total Paid for QI Patients	Sum of dollars associated with all behavioral health claims that are identified for this prescriber for all patients that are identified by a quality indicator
ClmXXX	Unique count of claims associated with this prescriber for this quality indicator
PaidXXX	Sum of dollars associated with unique claims identified for this prescriber for this quality indicator
PatXXX	Unique Patients associated with this prescriber for this quality indicator
Total QIs	Total number of quality indicators identified for this prescriber
