Subject: **Free Felice Eliscu**

Dear Governor Doyle,

I am the president of the Law Project for Psychiatric Rights (PsychRights^Â®), whose mission is to mount a strategic litigation campaign against forced psychiatric drugging and electroshock.

I know Ms. Eliscu a bit and it is frankly hard to believe she poses any real danger to herself or others as is required under the Constitution for the state to legally lock her up. I understand that as a result of her psychiatric detention, she is going to be losing her housing. I also further understand that your proxy exercising the state's right to confine her, Lutheran Social Services of Wisconsin, is lying to her about this.

Please look into this and make sure that Ms. Eliscu is immediately released.

Sincerely,
James B. (Jim) Gottstein, Esq.
President
Law Project for Psychiatric Rights
