David E. Holmstrom
Executive Director
Minnesota Board of Pharmacy
2829 University Avenue S.E., #530
Minneapolis, MN 55414-3251

Dear Mr. Holmstrom:

Pursuant to Minnesota Statute Section 151.47(f), SmithKline Beecham Corporation, d/b/a GlaxoSmithKline hereby submits to the Minnesota Board of Pharmacy the 2003 payments, reimbursement or other compensation paid by GlaxoSmithKline to individual practitioners which totaled \$100 or more which are authorized by Section 151.461(3) to (5). Although the Minnesota Board of Pharmacy requested all reports by the end of January, GlaxoSmithKline needed additional time to compile, and verify the accuracy of, the information contained in the enclosed report.

The attached report reflects payments made by GlaxoSmithKline to Minnesota practitioners for educational programs and consulting services. GlaxoSmithKline has arrangements with foundations, universities, contract research organizations and other business entities to conduct research or provide information under which payments may be made by such institutions to Minnesota practitioners. Compensation to Minnesota practitioners in these cases is not from GlaxoSmithKline; therefore, payments to these entities are not reflected on the attached report. Similarly, the report does not state payments to sponsors of independent medical conferences, continuing medical education programs, professional meetings or other educational programs, where GlaxoSmithKline may provide funds through a grant to an organization, but does not pay the practitioner (*e.g.*, unrestricted educational grants).

Although the Minnesota law states that the reports are public data, GSK considers the information in this report to be confidential and proprietary information. GSK does not publicly release this information or the company documents that were used to create this report. Further, release of the entries in this report or the aggregate information in this report may give GlaxoSmithKline's competitors information that may undermine its relationship with its contractors and consultants and enable competitors to gain a business advantage.

If the Minnesota Board of Pharmacy has any questions regarding this letter or the information contained in our report, please contact me at (919) 483-9938.

Sincerely,

Arjun Rajaratnam
Vice President & Compliance Officer Global Pharmaceuticals
