RE: Gifts to Practitioners \$151.47
2003 Report

Dear Mr. Holmstrom:

Abbott Laboratories is a diverse worldwide company that manufactures and markets thousands of prescription and non-prescription products. Enclosed please find Abbott Laboratories report that discloses all payments, honoraria, reimbursement and other compensation as authorized under §151.461, clauses (3) to (5), paid to an individual practitioner in the state of Minnesota for the 2003 calendar year in connection with its businesses that market prescription drugs.

Although Minnesota law identifies these reports as public data, Abbott considers the information contained in this report to be confidential, proprietary, and/or commercially sensitive information. Abbott is required by Federal law to pay fair market value for services provided by practitioners and spends time and resources to establish these rates. Abbott does not publicly release this information, in individual or aggregate form. Release of this information would undermine Abbott's relationships with its contractors and consultants and allow competitors to gain a business advantage.

Should you have any questions or concerns, do not hesitate to contact the undersigned.

Very truly yours,

Donna Muoio
Director, Program Development and Communications
