A BILL

FOR AN ACT ENTITLED

1 "An Act relating to health care decisions, including do not resuscitate orders,
2 anatomical gifts, and mental health treatment decisions, and to powers of attorney
3 relating to health care, including anatomical gifts and mental health treatment
4 decisions; and providing for an effective date."

5 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

6 * **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section
7 to read:

8 PURPOSE AND INTENT. (a) A principal purpose of this Act is to provide a
9 comprehensive coordinated approach to the making of health care decisions, including
10 anatomical gifts. To achieve this purpose, this Act repeals the current statutory devices that
11 cover health care decisions and consolidates the subject into one chapter.

12 (b) It is the intent of this Act to

13 (1) establish the right of a patient to control the patient's own health care
14 decisions; and

1 (2) create, in the absence of evidence to the contrary, a presumption, in favor
2 of life consistent with the best interest of the patient.

3 (c) This Act is not intended to condone, authorize, or approve mercy killing, assisted
4 suicide, or euthanasia.

5 * **Sec. 2.** AS 12.65.100 is amended to read:

6 **Sec. 12.65.100. Unclaimed bodies.** When a person dies and no person
7 appears to claim the body for burial, and no provision is made for the body under
8 AS 13.52 [AS 13.50], the Department of Health and Social Services, upon
9 notification, shall request a court order authorizing the body to be plainly and decently
10 buried or cremated and the remains decently interred. A judicial officer shall issue the
11 requested order upon the sworn testimony or statement of a representative of the
12 Department of Health and Social Services that a person has not appeared to claim the
13 body for burial and provision is not made for the body under AS 13.52 [AS 13.50].

14 * **Sec. 3.** AS 13 is amended by adding a new chapter to read:

15 **Chapter 52. Health Care Decisions Act.**

16 **Sec. 13.52.010. Advance health care directives.** (a) Except as provided in
17 AS 13.52.170(a), an adult may give an individual instruction. Except as provided in
18 AS 13.52.170(b), the instruction may be oral or written. The instruction may be
19 limited to take effect only if a specified condition arises.

20 (b) An adult may execute a durable power of attorney for health care, which
21 may authorize the agent to make any health care decision the principal could have
22 made while having capacity. The power remains in effect notwithstanding the
23 principal's later incapacity and may include individual instructions. The power must
24 be in writing, contain the date of its execution, be signed by the principal, and be
25 witnessed by one of the following methods:

26 (1) signed by at least two individuals who are personally known by the
27 principal, each of whom witnessed either the signing of the instrument by the principal
28 or the principal's acknowledgment of the signature of the instrument; or

29 (2) acknowledged before a notary public at a place in this state.

30 (c) Unless related to the principal by blood, marriage, or adoption, an agent
31 under a durable power of attorney for health care may not be an owner, operator, or

1 employee of the health care institution at which the principal is receiving care.

2 (d) A witness for a durable power of attorney for health care may not be

3 (1) a health care provider employed at the health care institution or
4 health care facility where the principal is receiving health care;

5 (2) an employee of the health care provider providing health care to the
6 principal, or of the health care institution or health care facility where the principal is
7 receiving health care; or

8 (3) the agent.

9 (e) At least one of the individuals used as a witness for a durable power of
10 attorney for health care shall be someone who is not

11 (1) related to the principal by blood, marriage, or adoption; or

12 (2) entitled to a portion of the estate of the principal upon the
13 principal's death under a will or codicil of the principal existing at the time of
14 execution of the durable power of attorney for health care or by operation of law then
15 existing.

16 (f) Unless otherwise specified in the durable power of attorney for health care,
17 the authority of an agent becomes effective only upon a determination that the
18 principal lacks capacity and ceases to be effective upon a determination that the
19 principal has recovered capacity.

20 (g) Unless otherwise specified in a written advance health care directive, a
21 determination that a principal lacks or has recovered capacity, or that another
22 condition exists that affects an individual instruction or the authority of an agent, shall
23 be made by

24 (1) the primary physician, except in the case of mental illness;

25 (2) a court in the case of mental illness, unless the situation is an
26 emergency; or

27 (3) the primary physician or another health care provider in the case of
28 mental illness where the situation is an emergency.

29 (h) An agent shall make a health care decision in accordance with the
30 principal's individual instructions, if any, and other wishes to the extent known to the
31 agent. Otherwise, the agent shall make the decision in accordance with the agent's

1 determination of the principal's best interest. In determining the principal's best
 2 interest, the agent shall consider the principal's personal values to the extent known to
 3 the agent.

4 (i) A health care decision made by an agent for a principal is effective without
 5 judicial approval.

6 (j) A written advance health care directive may include the individual's
 7 nomination of a guardian of the individual.

8 (k) An advance health care directive, including an advance health care
 9 directive that is made in compliance with the laws of another state, is valid for
 10 purposes of this chapter to the extent that it complies with the laws of this state.

11 **Sec. 13.52.020. Revocation of advance health care directive.** (a) Except in
 12 the case of mental illness under (c) of this section, a principal may revoke the
 13 designation of an agent only by a signed writing or by personally informing the
 14 supervising health care provider.

15 (b) Except in the case of mental illness under (c) of this section, a principal
 16 may revoke all or part of an advance health care directive, other than the designation
 17 of an agent, at any time and in any manner that communicates an intent to revoke.

18 (c) In the case of mental illness, an advance health care directive may be
 19 revoked in whole or in part at any time by the principal if the principal does not lack
 20 capacity and is competent. A revocation is effective when a competent principal with
 21 capacity communicates the revocation to the attending physician or other health care
 22 provider. The attending physician or other health care provider shall note the
 23 revocation on the principal's medical record. In the case of mental illness, the
 24 authority of a named agent and an alternative agent named in the advance health care
 25 directive continues in effect as long as the advance health care directive appointing the
 26 agent is in effect or until the agent has withdrawn. For the purposes of this subsection,
 27 a principal is not considered competent when

28 (1) it is the opinion of the court in a guardianship proceeding under
 29 AS 13.26, the opinion of two physicians, at least one of whom is a psychiatrist, or the
 30 opinion of a physician and a professional mental health clinician, that the principal is
 31 not competent; or

1 (2) a court in a hearing under AS 47.30.735, 47.30.750, or 47.30.770
 2 determines that the principal is gravely disabled; in this paragraph, "gravely disabled"
 3 has the meaning given in AS 47.30.915(7)(B).

4 (d) A health care provider, agent, guardian, or surrogate who is informed of a
 5 revocation shall promptly communicate the fact of the revocation to the supervising
 6 health care provider and to any health care institution at which the patient is receiving
 7 care.

8 (e) A decree of annulment, divorce, dissolution of marriage, or legal
 9 separation revokes a previous designation of a spouse as agent unless otherwise
 10 specified in the decree or in a durable power of attorney for health care.

11 (f) An advance health care directive that conflicts with an earlier advance
 12 health care directive revokes the earlier directive to the extent of the conflict.

13 **Sec. 13.52.025. Rescission of withdrawal by agent.** A person who has
 14 withdrawn as an agent may rescind the withdrawal by executing an acceptance after
 15 the date of the withdrawal. A person who rescinds a withdrawal shall give notice to
 16 the principal if the principal has capacity or to the principal's health care provider if
 17 the principal does not have capacity.

18 **Sec. 13.52.030. Surrogates.** (a) Except in the case of mental health treatment
 19 and except as provided by AS 13.52.180(a) and (b), a surrogate may make a health
 20 care decision for a patient who is an adult if an agent or guardian has not been
 21 appointed or the agent or guardian is not reasonably available, and if the patient has
 22 been determined by the primary physician to lack capacity.

23 (b) Subject to AS 13.52.055(b), a surrogate may make a decision regarding
 24 mental health treatment for a patient who is an adult if

25 (1) an agent or guardian has not been appointed or the agent or
 26 guardian is not reasonably available;

27 (2) the mental health treatment is needed on an emergency basis; and

28 (3) the patient has been determined to lack capacity by

29 (A) two physicians, one of whom is a psychiatrist; or

30 (B) a physician and a professional mental health clinician.

31 (c) Except as provided for anatomical gifts in AS 13.52.170(b), an adult may

1 designate an individual to act as surrogate for that adult by personally informing the
2 supervising health care provider. Except as provided by AS 13.52.180(a) and (b), in
3 the absence of a designation, or if the designee is not reasonably available, a member
4 of the following classes of the patient's family who is reasonably available, in
5 descending order of priority, may act as surrogate:

- 6 (1) the spouse, unless legally separated;
- 7 (2) an adult child;
- 8 (3) a parent; or
- 9 (4) an adult sibling.

10 (d) Except as provided by (l) of this section or AS 13.52.180(a) or (b), if none
11 of the individuals eligible to act as surrogate under (c) of this section is reasonably
12 available, an adult who has exhibited special care and concern for the patient, who is
13 familiar with the patient's personal values, and who is reasonably available may act as
14 surrogate.

15 (e) A surrogate shall communicate the surrogate's assumption of authority as
16 promptly as practicable to the health care provider, the health care institution, and the
17 members of the patient's family specified in (c) of this section who can be readily
18 contacted.

19 (f) If more than one member of a class under (c)(2) - (4) of this section
20 assumes authority to act as surrogate, the members of that class do not agree on a
21 health care decision, and the supervising health care provider is informed of the
22 disagreement, the supervising health care provider shall comply with the decision of a
23 majority of the members of that class who have communicated their views to the
24 provider. If the class is evenly divided concerning the health care decision and the
25 supervising health care provider is informed of the even division, that class and all
26 individuals having a lower priority under (c)(2) - (4) of this section are disqualified
27 from making the decision, and the primary physician, after consulting with all
28 individuals in that evenly divided class who are reasonably available, shall make a
29 decision based on the consultation and the primary physician's own determination of
30 the best interest of the patient.

31 (g) A surrogate shall make a health care decision in accordance with the

1 patient's individual instructions or other advance health care directives, if any, and
 2 other wishes to the extent known to the surrogate. Otherwise, the surrogate shall make
 3 the decision in accordance with the surrogate's determination of the patient's best
 4 interest. In determining the patient's best interest, the surrogate shall consider the
 5 patient's personal values to the extent known to the surrogate.

6 (h) If a patient's primary health care provider observes that a surrogate is not
 7 abiding by the wishes, values, and best interest of the patient, the primary health care
 8 provider may decline to comply with a decision of the surrogate and shall notify the
 9 health care institution where the primary health care provider is providing health care
 10 to the patient.

11 (i) A health care decision made by a surrogate for a patient is effective without
 12 judicial approval.

13 (j) A patient who has capacity may, at any time, disqualify another person,
 14 including a member of the patient's family, from acting as the patient's surrogate by a
 15 signed writing or by personally informing the supervising health care provider of the
 16 disqualification.

17 (k) Unless related to the patient by blood, marriage, or adoption, a surrogate
 18 may not be an owner, operator, or employee of the health care facility where the
 19 patient is receiving care.

20 (l) A supervising health care provider may require an individual claiming the
 21 right to act as a surrogate for a patient to provide a written declaration under penalty of
 22 perjury stating facts and circumstances reasonably sufficient to establish the claimed
 23 authority.

24 **Sec. 13.52.040. Decisions by guardian.** (a) A guardian shall comply with
 25 the ward's individual instructions and may not revoke a ward's advance health care
 26 directive executed before the ward's incapacity unless a court expressly authorizes the
 27 revocation.

28 (b) Unless there is a court order to the contrary, a health care decision of an
 29 agent takes precedence over that of a guardian.

30 (c) Except as provided in (a) of this section, a health care decision made by a
 31 guardian for the ward is effective without judicial approval.

1 **Sec. 13.52.045. Withholding or withdrawing of life-sustaining procedures.**

2 Notwithstanding any other provision of this chapter, an agent or a surrogate may
3 determine that life-sustaining procedures may be withheld or withdrawn from a patient
4 with a qualifying condition when there is

5 (1) a durable power of attorney for health care or other writing that
6 clearly expresses the patient's intent that the procedures be withheld or withdrawn; or

7 (2) no durable power of attorney for health care or other writing that
8 clearly expresses the patient's intent to the contrary, the patient has a qualifying
9 condition as determined under AS 13.52.160, and withholding or withdrawing the
10 procedures would be consistent with the patient's best interest.

11 **Sec. 13.52.050. Decisions for exceptional procedures.** Unless there is a
12 durable power of attorney for health care or another writing clearly expressing an
13 individual's intent to the contrary, an agent or surrogate may not consent on behalf of a
14 patient to an abortion, sterilization, psychosurgery, or removal of bodily organs except
15 when the abortion, sterilization, psychosurgery, or removal of bodily organs is
16 necessary to preserve the life of the patient or to prevent serious impairment of the
17 health of the patient.

18 **Sec. 13.52.055. Pregnancy.** (a) Before implementing a health care decision
19 for a woman of childbearing age that would affect a fetus if present, the supervising
20 health care provider shall take reasonable steps to determine whether the woman is
21 pregnant.

22 (b) Notwithstanding any other provision of this chapter to the contrary, an
23 advance health care directive by a patient or a decision by the person then authorized
24 to make health care decisions for a patient may not be given effect if

25 (1) the patient is a woman who is pregnant and lacks capacity;

26 (2) the directive or decision is to withhold or withdraw life-sustaining
27 procedures;

28 (3) the withholding or withdrawal of the life-sustaining procedures
29 would, in reasonable medical judgment, be likely to result in the death of the patient;
30 and

31 (4) it is probable that the fetus could develop to the point of live birth

1 if the life-sustaining procedures were provided.

2 (c) This section does not apply to emergency services in the field.

3 **Sec. 13.52.060. Obligations of health care providers, institutions, and**
 4 **facilities.** (a) Before implementing a health care decision made for a patient, a
 5 supervising health care provider, if possible, shall promptly communicate to the
 6 patient the decision made and the identity of the person making the decision.

7 (b) Except as provided in AS 13.52.200, a supervising health care provider
 8 who knows of the existence of an advance health care directive, a revocation of an
 9 advance health care directive, or a designation or disqualification of a surrogate shall
 10 promptly record its existence in the patient's health care record, shall request a copy if
 11 it is in writing, and shall arrange for its maintenance in the health care record if a copy
 12 is furnished.

13 (c) A supervising health care provider who makes or is informed of a
 14 determination that a patient lacks or has recovered capacity, or that another condition
 15 exists that affects an individual instruction or the authority of an agent, a guardian, or a
 16 surrogate, shall promptly record the determination in the patient's health care record
 17 and communicate the determination to the patient, if possible, and to any person then
 18 authorized to make health care decisions for the patient.

19 (d) Except as provided in (e) and (f) of this section, a health care provider,
 20 health care institution, or health care facility providing care to a patient shall comply
 21 with

22 (1) an individual instruction of the patient and with a reasonable
 23 interpretation of that instruction made by a person then authorized to make health care
 24 decisions for the patient; and

25 (2) a health care decision for the patient made by a person then
 26 authorized to make health care decisions for the patient to the same extent as if the
 27 decision had been made by the patient while having capacity.

28 (e) A health care provider may decline to comply with an individual
 29 instruction or a health care decision for reasons of conscience, except for a do not
 30 resuscitate order. A health care institution or health care facility may decline to
 31 comply with an individual instruction or health care decision if the instruction or

1 decision is contrary to a policy of the institution or facility that is expressly based on
 2 reasons of conscience and if the policy was timely communicated to the patient or to a
 3 person then authorized to make health care decisions for the patient.

4 (f) A health care provider, health care institution, or health care facility may
 5 decline to comply with an individual instruction or a health care decision that requires
 6 medically ineffective health care or health care contrary to generally accepted health
 7 care standards applicable to the provider, institution, or facility. In this subsection,
 8 "medically ineffective health care" means health care that according to reasonable
 9 medical judgment cannot cure the patient's illness, cannot diminish its progressive
 10 course, and cannot effectively alleviate severe discomfort and distress.

11 (g) A health care provider, health care institution, or health care facility that
 12 declines to comply with an individual instruction or a health care decision shall

13 (1) promptly inform the patient, if possible, and any person then
 14 authorized to make health care decisions for the patient that the provider, institution,
 15 or facility has declined to comply with the instruction or decision;

16 (2) provide continuing care to the patient until a transfer is effected;
 17 and

18 (3) unless the patient or person then authorized to make health care
 19 decisions for the patient refuses assistance, immediately cooperate and comply with a
 20 decision by the patient or a person then authorized to make health care decisions for
 21 the patient to transfer the patient to another health care institution, to another health
 22 care facility, to the patient's home, or to another location chosen by the patient or by
 23 the person then authorized to make health care decisions for the patient.

24 (h) Except as provided for civil commitments under AS 47.30.817, a health
 25 care provider, health care institution, or health care facility may not require or prohibit
 26 the execution or revocation of an advance health care directive as a condition for
 27 providing health care.

28 **Sec. 13.52.065. Do not resuscitate protocol and identification**
 29 **requirements.** (a) An attending physician may issue a do not resuscitate order for a
 30 patient of the physician. The physician shall document the grounds for the order in the
 31 patient's medical file.

1 (b) The department shall by regulation adopt a protocol, subject to the
 2 approval of the State Medical Board, for do not resuscitate orders that set out a
 3 standardized method of procedure for the withholding of cardiopulmonary
 4 resuscitation by health care providers and health care institutions.

5 (c) The department shall develop standardized designs and symbols for do not
 6 resuscitate identification cards, forms, necklaces, and bracelets that signify, when
 7 carried or worn, that the carrier or wearer is an individual for whom a physician has
 8 issued a do not resuscitate order.

9 (d) A health care provider other than a physician shall comply with the
 10 protocol adopted under (b) of this section for do not resuscitate orders when the health
 11 care provider is presented with a do not resuscitate identification, an oral do not
 12 resuscitate order issued directly by a physician if the applicable hospital allows oral do
 13 not resuscitate orders, or a written do not resuscitate order entered on and as required
 14 by a form prescribed by the department.

15 (e) Notwithstanding (d) of this section, if an individual has made an
 16 anatomical gift to occur at death and is in a hospital when a do not resuscitate order or
 17 an order to withdraw life-sustaining procedures is to be implemented for the
 18 individual, the order may not be implemented until the subject of the anatomical gift
 19 can be evaluated to determine if it is suitable for donation.

20 (f) A do not resuscitate order may not be made ineffective unless a physician
 21 revokes the do not resuscitate order. A request to revoke a do not resuscitate order
 22 may only be made by the person for whom the order is written or, if the person for
 23 whom the order is written is under 18 years of age, by the parent or guardian of the
 24 person.

25 **Sec. 13.52.070. Health care information.** (a) Unless otherwise specified in
 26 an advance health care directive, a person then authorized to make health care
 27 decisions for a patient has the same rights as the patient to request, receive, examine,
 28 copy, and consent to the disclosure of medical or other health care information.

29 (b) Notwithstanding (a) of this section, if there is a question about the
 30 principal's capacity, an agent or a surrogate of the principal may immediately access
 31 the personal health care information necessary to determine the principal's capacity,

1 even if the agency or surrogacy does not become effective until the principal lacks
2 capacity.

3 **Sec. 13.52.080. Immunities.** (a) If a health care provider or health care
4 institution makes reasonable efforts, with a level of diligence appropriate to the
5 seriousness and urgency of the situation, to ensure the validity of an advance health
6 care directive or a person's assumption of authority to make health care decisions for a
7 patient, a health care provider or institution acting in good faith and in accordance
8 with generally accepted health care standards applicable to the health care provider or
9 institution is not subject to civil or criminal liability or to discipline for unprofessional
10 conduct for

11 (1) providing health care information in good faith under
12 AS 13.52.070;

13 (2) complying with a health care decision of a person based on a
14 reasonable belief that the person has authority to make a health care decision for a
15 patient, including a decision to withhold or withdraw health care;

16 (3) declining to comply with a health care decision of a person based
17 on a reasonable belief that the person then lacked authority;

18 (4) complying with an advance health care directive and reasonably
19 assuming that the directive was valid when made and has not been revoked or
20 terminated;

21 (5) participating in the withholding or withdrawal of cardiopulmonary
22 resuscitation under the direction or with the authorization of a physician or upon
23 discovery of do not resuscitate identification upon an individual;

24 (6) causing or participating in providing cardiopulmonary resuscitation
25 or other life-sustaining procedures

26 (A) under AS 13.52.065(e) when an individual has made an
27 anatomical gift; or

28 (B) because an individual has made a do not resuscitate order
29 ineffective under AS 13.52.065(f) or another provision of this chapter; or

30 (7) acting in good faith under the terms of this chapter or the law of
31 another state relating to anatomical gifts.

1 (b) An individual acting as an agent, a guardian, or a surrogate under this
 2 chapter is not subject to civil or criminal liability or to discipline for unprofessional
 3 conduct for health care decisions made in good faith.

4 **Sec. 13.52.090. Statutory damages.** (a) A health care provider or institution
 5 that intentionally violates this chapter is liable to the aggrieved individual or the
 6 individual's estate for damages of \$10,000 or actual damages resulting from the
 7 violation, whichever is greater, plus attorney fees as provided by court rule.

8 (b) A person who intentionally falsifies, forges, conceals, defaces, or
 9 obliterates an individual's advance health care directive or a revocation of an advance
 10 health care directive without the individual's consent, or who coerces or fraudulently
 11 induces an individual to give, revoke, or not to give an advance health care directive,
 12 is liable to that individual for damages of \$10,000 or actual damages resulting from
 13 the action, whichever is greater, plus attorney fees as provided by court rule.

14 **Sec. 13.52.100. Capacity.** (a) This chapter does not affect the right of an
 15 individual to make health care decisions while having capacity to make health care
 16 decisions.

17 (b) An individual is rebuttably presumed to have capacity to make a health
 18 care decision, to give or revoke an advance health care directive, and to designate or
 19 disqualify a surrogate.

20 (c) An individual who is a qualified patient, including an individual for whom
 21 a physician has issued a do not resuscitate order, has the right to make a decision
 22 regarding the use of cardiopulmonary resuscitation and other life-sustaining
 23 procedures as long as the individual is able to make the decision. If an individual who
 24 is a qualified patient, including an individual for whom a physician has issued a do not
 25 resuscitate order, is not able to make the decision, the protocol adopted under
 26 AS 13.52.065 for do not resuscitate orders governs a decision regarding the use of
 27 cardiopulmonary resuscitation and other life-sustaining procedures.

28 **Sec. 13.52.110. Status of copy.** A copy of a written advance health care
 29 directive, revocation of an advance health care directive, or designation or
 30 disqualification of an agent or a surrogate has the same effect as the original.

31 **Sec. 13.52.120. Effect of this chapter.** (a) In the absence of evidence to the

1 contrary of the patient's intent, this chapter establishes a presumption in favor of life,
2 consistent with the best interest of the patient.

3 (b) Notwithstanding any other provision of law, death resulting from the
4 withholding or withdrawal of cardiopulmonary resuscitation or other life-sustaining
5 procedures does not, for any purpose, constitute a suicide or homicide if the
6 withholding or withdrawal is

7 (1) consistent with this chapter; and

8 (2) from an individual

9 (A) for whom a do not resuscitate order has not been issued;

10 (B) for whom a do not resuscitate order has been issued under

11 (i) the protocol for do not resuscitate orders established
12 under AS 13.52.065; or

13 (ii) a do not resuscitate identification found on the
14 individual.

15 (c) The issuance of a do not resuscitate order under this chapter, the
16 possession of do not resuscitate identification under this chapter, or the making of a
17 health care directive under this chapter does not affect in any manner the sale,
18 procurement, or issuance of a policy of life insurance, and does not modify the terms
19 of an existing policy of life insurance. A policy of life insurance is not legally
20 impaired or invalidated in any manner by the withholding or withdrawal of life-
21 sustaining procedures from an insured individual or the withholding or withdrawal of
22 cardiopulmonary resuscitation from an individual who possesses do not resuscitate
23 identification or for whom a do not resuscitate order has been issued, notwithstanding
24 any term of the policy to the contrary.

25 (d) This chapter does not authorize mercy killing, assisted suicide, or
26 euthanasia.

27 (e) This chapter does not authorize or require a health care provider or
28 institution to provide health care contrary to generally accepted health care standards
29 applicable to the health care provider or institution.

30 (f) This chapter does not authorize an agent or a surrogate to consent to the
31 admission of an individual to a mental health facility unless the individual's written

1 advance health care directive expressly so provides, and the period of admission may
2 not exceed 17 days.

3 (g) This chapter does not affect other statutes of this state governing treatment
4 for mental illness of an individual involuntarily committed to a mental health facility.

5 **Sec. 13.52.130. Prohibited requirements.** As a condition of receiving or
6 being insured for health care services, a health care provider, a health care institution,
7 a health care service plan, an insurer issuing health insurance, a self-insured employee
8 welfare benefit plan, or a nonprofit hospital plan may not require an individual to
9 execute a health care directive, obtain a do not resuscitate order from a physician, or
10 possess do not resuscitate identification.

11 **Sec. 13.52.135. Discriminatory treatment prohibited.** When determining
12 the best interest of a patient under this chapter, health care treatment may not be
13 denied to a patient because the patient has a disability or is expected to have a
14 disability.

15 **Sec. 13.52.140. Judicial relief.** On petition of a patient, the patient's agent,
16 guardian, or surrogate, or a health care provider or institution involved with the
17 patient's care, the superior court may enjoin or direct a health care decision or order
18 other equitable relief. A proceeding under this section is governed by AS 13.26.165 -
19 13.26.320.

20 **Sec. 13.52.150. Do not resuscitate orders and identification of other**
21 **jurisdictions.** A do not resuscitate order or a do not resuscitate identification
22 executed, issued, or authorized in another state or a territory or possession of the
23 United States in compliance with the law of that jurisdiction is recognized for the
24 purposes of this chapter. However, the do not resuscitate order or the do not
25 resuscitate identification may be implemented only to the extent that the
26 implementation does not conflict with the laws of this state.

27 **Sec. 13.52.160. Determination of qualifying condition.** Whether a patient
28 has a qualifying condition under this chapter shall be determined by the primary
29 physician of the patient and by at least one other physician, when another physician is
30 available. A physician making the determination shall document the grounds for the
31 determination in the patient's medical record. Permanent unconsciousness shall be

1 determined in consultation with a neurologist.

2 **Sec. 13.52.170. Making, amending, revoking, and refusing to make**
 3 **anatomical gifts by individual.** (a) An individual who is at least 18 years of age
 4 may

5 (1) make an anatomical gift for any of the purposes stated in
 6 AS 13.52.210(a);

7 (2) limit an anatomical gift to one or more of those purposes; or

8 (3) refuse to make an anatomical gift.

9 (b) An anatomical gift may be made only by a document of gift signed by the
 10 donor. If the donor cannot sign, the document of gift shall be signed by another
 11 individual and by two witnesses, all of whom have signed at the direction and in the
 12 presence of the donor and of each other, and state that it has been signed at the
 13 direction and in the presence of the donor and of each other.

14 (c) If a document of gift is attached to or imprinted on a donor's motor vehicle
 15 driver's license, revocation, suspension, expiration, or cancellation of the license does
 16 not invalidate the anatomical gift.

17 (d) A document of gift may designate a particular physician or surgeon to
 18 carry out the appropriate procedures. In the absence of a designation or if the designee
 19 is not available, the donee or other person authorized to accept the anatomical gift may
 20 employ or authorize any physician, surgeon, or technician to carry out the appropriate
 21 procedures.

22 (e) An anatomical gift by will takes effect upon death of the testator, whether
 23 or not the will is probated. If, after death, the will is declared invalid for testamentary
 24 purposes, the validity of the anatomical gift is unaffected.

25 (f) Notwithstanding AS 13.52.020, a donor may amend or revoke an
 26 anatomical gift, not made by will, only by

27 (1) a signed statement;

28 (2) an oral statement made in the presence of two individuals;

29 (3) any form of communication during a terminal illness or injury
 30 addressed to a physician or surgeon; or

31 (4) the delivery of a signed statement to a specified donee to whom a

1 document of gift had been delivered.

2 (g) Notwithstanding AS 13.52.020, the donor of an anatomical gift made by
3 will may amend or revoke the gift in the manner provided for amendment or
4 revocation of wills, or as provided in (f) of this section.

5 (h) An anatomical gift that is not revoked by the donor before death is
6 irrevocable and does not require the consent or concurrence of any person after the
7 donor's death.

8 (i) An individual may refuse to make an anatomical gift of the individual's
9 body or part by

10 (1) a writing signed in the same manner as a document of gift;

11 (2) a statement attached to or imprinted on a donor's motor vehicle
12 operator's or chauffeur's license;

13 (3) any other writing used to identify the individual as refusing to
14 make an anatomical gift;

15 (4) during a terminal illness or injury, an oral statement or other form
16 of communication.

17 **Sec. 13.52.180. Making, revoking, and objecting to anatomical gifts by**
18 **others.** (a) Any member of the following classes of persons, in the order of priority
19 listed, may make an anatomical gift of all or a part of the decedent's body for an
20 authorized purpose, unless the decedent, at the time of death, has made an unrevoked
21 refusal to make that anatomical gift:

22 (1) the spouse of the decedent;

23 (2) an adult son or daughter of the decedent;

24 (3) either parent of the decedent;

25 (4) an adult brother or sister of the decedent;

26 (5) a grandparent of the decedent; and

27 (6) an agent or a surrogate of the decedent at the time of death.

28 (b) An anatomical gift may not be made by a person listed in (a) of this section
29 if

30 (1) a person in a prior class is available at the time of death to make an
31 anatomical gift;

1 (2) the person proposing to make an anatomical gift knows of a refusal
2 or contrary indications by the decedent; or

3 (3) the person proposing to make an anatomical gift knows of an
4 objection to making an anatomical gift by a member of the person's class or a prior
5 class.

6 (c) An anatomical gift by a person authorized under (a) of this section shall be
7 made by

8 (1) a document of gift signed by the person;

9 (2) the person's telegraphic, recorded telephonic, or other recorded
10 message, or another form of communication from the person that is
11 contemporaneously reduced to writing and signed by the recipient; or

12 (3) the person's agent or surrogate.

13 (d) An anatomical gift by a person authorized under (a) of this section may be
14 revoked by any member of the same or a prior class if, before procedures have begun
15 for the removal of a part from the body of the decedent, the physician, surgeon, or
16 technician removing the part knows of the revocation.

17 **Sec. 13.52.190. Optional form for anatomical gift by another person.**

18 ANATOMICAL GIFT BY NEXT OF KIN,

7 decedent's agent under AS 13.52 or surrogate under AS 13.52.

8 I hereby give (check boxes applicable):

10 the following organs, tissues, or parts only:

11 _____;

12 the following purposes only:

13 _____.

14 _____

15 (date) (signature of survivor)

16 _____

17 (address of survivor)

18 **Sec. 13.52.200. Routine inquiry and required request; search and**
19 **notification.** (a) If, at or near the time of death of a patient, there is no medical
20 record that the patient has made or refused to make an anatomical gift, the hospital
21 administrator or a designee of the hospital shall contact an organ procurement
22 organization so that the organ procurement organization may discuss the potential to
23 make a gift with the family, agent, or surrogate of the patient. The organ procurement
24 organization shall discuss the potential gift with reasonable discretion and sensitivity
25 to the circumstances of the family.

26 (b) Notwithstanding (a) of this section, a hospital administrator or other
27 designee of the hospital is not required to contact an organ procurement organization if
28 the gift is not suitable, based on accepted medical standards, for a purpose specified in
29 AS 13.52.210.

30 (c) An entry shall be made in the medical record of the patient, stating the
31 name and affiliation of the individual from the organ procurement organization who

1 discusses the potential gift with the family, agent, or surrogate under (a) of this
 2 section, and the relationship to the patient of the family member, agent, or surrogate
 3 with whom the potential gift was discussed.

4 (d) The following persons shall make a reasonable search for a document of
 5 gift or other information identifying the bearer as a donor or as an individual who has
 6 refused to make an anatomical gift:

7 (1) a law enforcement officer, fire fighter, paramedic, or other
 8 emergency rescuer finding an individual who the searcher believes is dead or near
 9 death; and

10 (2) a hospital or an organ procurement organization, upon the
 11 admission of an individual at or near the time of death, if there is not immediately
 12 available any other source of that information.

13 (e) If a document of gift or evidence of refusal to make an anatomical gift is
 14 located by the search required by (d)(1) of this section, and the individual or body to
 15 whom it relates is taken to a hospital, the hospital must be notified of the contents, and
 16 the document or other evidence must be sent to the hospital.

17 (f) If, at or near the time of death of a patient, a hospital knows that an
 18 anatomical gift has been made under AS 13.52.170 or 13.52.180(a), or that a patient or
 19 an individual identified as in transit to the hospital is a donor, the hospital shall notify
 20 an organ procurement organization. The hospital shall cooperate in the
 21 implementation of the anatomical gift or release and removal of a part.

22 (g) Notwithstanding AS 13.52.090, a person who fails to discharge the duties
 23 imposed by this section is not subject to criminal or civil liability but is subject to
 24 appropriate administrative sanctions.

25 (h) The commissioner of health and social services shall adopt regulations to
 26 implement (a) - (c) of this section.

27 **Sec. 13.52.210. Persons who may become donees; purposes for which**
 28 **anatomical gifts may be made.** (a) The following persons may become donees of
 29 anatomical gifts for the purposes stated:

30 (1) a hospital, physician, surgeon, or procurement organization for
 31 transplantation, therapy, medical or dental education, research, or advancement of

1 medical or dental science;

2 (2) an accredited medical or dental school, college, or university for
3 education, research, or advancement of medical or dental science; or

4 (3) a designated individual for transplantation or therapy needed by
5 that individual.

6 (b) An anatomical gift may be made to a designated donee or without
7 designating a donee. If a donee is not designated or if the donee is not available or
8 rejects the anatomical gift, the anatomical gift may be accepted by any hospital.

9 (c) If the donee knows of the decedent's refusal or contrary indications to
10 make an anatomical gift or that an anatomical gift by a member of a class having
11 priority to act is opposed by a member of the same class or a prior class under
12 AS 13.52.180(a), the donee may not accept the anatomical gift.

13 **Sec. 13.52.220. Delivery of document of gift.** (a) Delivery of a document of
14 gift during the donor's lifetime is not required for the validity of an anatomical gift.

15 (b) If an anatomical gift is made to a designated donee, the document of gift,
16 or a copy, may be delivered to the donee to expedite the appropriate procedures after
17 death. The document of gift, or a copy, may be deposited in any hospital, procurement
18 organization, or registry office that accepts it for safekeeping or for facilitation of
19 procedures after death. On request of an interested person, upon or after the donor's
20 death, the person in possession shall allow the interested person to examine or copy
21 the document of gift.

22 **Sec. 13.52.230. Rights and duties at death.** (a) Rights of a donee created by
23 an anatomical gift are superior to rights of others except with respect to autopsies
24 under AS 13.52.260(b). A donee may accept or reject an anatomical gift. If a donee
25 accepts an anatomical gift of an entire body, the donee, subject to the terms of the gift,
26 may allow embalming and use of the body in funeral services. If the gift is of a part of
27 a body, the donee, upon the death of the donor and before embalming, shall cause the
28 part to be removed without unnecessary mutilation. After removal of the part, custody
29 of the remainder of the body vests in the person under obligation to dispose of the
30 body.

31 (b) The time of death of a donor shall be determined by a physician or nurse

1 under AS 09.68.120. A physician who attends the donor at death and a physician who
 2 determines the time of death may not participate in the procedures for removing or
 3 transplanting a part unless the document of gift designates a particular physician under
 4 AS 13.52.170(d).

5 (c) If there has been an anatomical gift, a technician may remove any donated
 6 parts after determination of death by a physician or nurse.

7 **Sec. 13.52.240. Coordination of procurement and use.** Each hospital in this
 8 state, after consultation with other hospitals and procurement organizations, shall
 9 establish agreements or affiliations for coordination of procurement and use of human
 10 bodies and parts.

11 **Sec. 13.52.250. Sale or purchase of parts prohibited.** (a) A person may not
 12 knowingly, for valuable consideration, sell or purchase a part for any purpose.

13 (b) In (a) of this section, "valuable consideration" does not include reasonable
 14 payment for the removal, processing, disposal, preservation, quality control, storage,
 15 transportation, or implantation of the part or entire body.

16 (c) A person who violates this section is guilty of a class C felony.

17 **Sec. 13.52.260. Examination, autopsy, liability.** (a) An anatomical gift
 18 authorizes any reasonable examination necessary to assure medical acceptability of the
 19 gift for the purposes intended.

20 (b) The provisions of AS 13.52.170 - 13.52.280 are subject to the autopsy
 21 provisions of AS 12.65.

22 (c) A hospital, physician, surgeon, coroner, medical examiner, local public
 23 health officer, technician, or other person who acts in accordance with AS 13.52.170 -
 24 13.52.280 or with the applicable anatomical gift law of another state or attempts in
 25 good faith to act in accordance with AS 13.52.170 - 13.52.280 or with the applicable
 26 anatomical gift law of another state is not liable for that act in a civil action or criminal
 27 proceeding.

28 (d) An individual who makes an anatomical gift under AS 13.52.170 or
 29 13.52.180 and the individual's estate are not liable for any injury or damage that may
 30 result from the making or the use of the anatomical gift.

31 **Sec. 13.52.265. Prohibition against authorization by coroner, state**

1 **medical examiner, or local public health official.** The coroner, the state medical
 2 examiner, or a local public health official may not release or permit the removal of a
 3 part from a body within that official's custody based on the fact that the official does
 4 not know of

5 (1) a refusal to make a gift;

6 (2) an indication by the decedent that is contrary to making a gift; or

7 (3) an objection to a gift by a person having priority to act under
 8 AS 13.52.180(a).

9 **Sec. 13.52.270. Applicability provisions.** AS 13.52.170 - 13.52.280 apply to
 10 a document of gift, revocation, or refusal to make an anatomical gift signed by the
 11 donor or a person authorized to make or object to making an anatomical gift before,
 12 on, or after the effective date of this bill section.

13 **Sec. 13.52.275. Construction where mental illness.** In the case of mental
 14 illness, nothing in this chapter may be construed to override or undermine the validity
 15 of a properly executed durable power of attorney for health care.

16 **Sec. 13.52.280. Uniformity of application and construction.** AS 13.52.170
 17 - 13.52.280 shall be applied and construed to carry out their general purpose to make
 18 uniform the law with respect to the subject of AS 13.52.170 - 13.52.280 among states
 19 enacting these provisions.

20 **Sec. 13.52.290. Severability.** If a provision of this chapter, or the application
 21 of this chapter to a person or circumstance is held invalid, including being held
 22 unconstitutional, the invalidity does not affect the other provisions or applications of
 23 this chapter that can be given effect without the invalid provision or application.

24 **Sec. 13.52.300. Optional form.** The following sample form may be used to
 25 create an advance health care directive. The other sections of this chapter govern the
 26 effect of this or any other writing used to create an advance health care directive. This
 27 form may be duplicated. This form may be modified to suit the needs of the person, or
 28 a different form that complies with this chapter may be used, including the mandatory
 29 witnessing requirements:

30 ADVANCE HEALTH CARE DIRECTIVE

31 Explanation

1 You have the right to give instructions about your own health
 2 care to the extent allowed by law. You also have the right to name
 3 someone else to make health care decisions for you to the extent
 4 allowed by law. This form lets you do either or both of these things. It
 5 also lets you express your wishes regarding the designation of your
 6 health care provider. If you use this form, you may complete or modify
 7 all or any part of it. You are free to use a different form if the form
 8 complies with the requirements of AS 13.52.

9 Part 1 of this form is a durable power of attorney for health
 10 care. A "durable power of attorney for health care" means the
 11 designation of an agent to make health care decisions for you. Part 1
 12 lets you name another individual as an agent to make health care
 13 decisions for you if you do not have the capacity to make your own
 14 decisions or if you want someone else to make those decisions for you
 15 now even though you still have the capacity to make those decisions.
 16 You may name an alternate agent to act for you if your first choice is
 17 not willing, able, or reasonably available to make decisions for you.
 18 Unless related to you, your agent may not be an owner, operator, or
 19 employee of a health care institution where you are receiving care.

20 Unless the form you sign limits the authority of your agent,
 21 your agent may make all health care decisions for you that you could
 22 legally make for yourself. This form has a place for you to limit the
 23 authority of your agent. You do not have to limit the authority of your
 24 agent if you wish to rely on your agent for all health care decisions that
 25 may have to be made. If you choose not to limit the authority of your
 26 agent, your agent will have the right, to the extent allowed by law, to

27 (a) consent or refuse consent to any care, treatment, service, or
 28 procedure to maintain, diagnose, or otherwise affect a physical or
 29 mental condition, including the administration or discontinuation of
 30 psychotropic medication;

31 (b) select or discharge health care providers and institutions;

1 (c) approve or disapprove proposed diagnostic tests, surgical
2 procedures, and programs of medication; and

3 (d) direct the provision, withholding, or withdrawal of artificial
4 nutrition and hydration and all other forms of health care; and

5 (e) make an anatomical gift following your death.

6 Part 2 of this form lets you give specific instructions for any
7 aspect of your health care to the extent allowed by law, except you may
8 not authorize mercy killing, assisted suicide, or euthanasia. Choices are
9 provided for you to express your wishes regarding the provision,
10 withholding, or withdrawal of treatment to keep you alive, including
11 the provision of artificial nutrition and hydration, as well as the
12 provision of pain relief medication. Space is provided for you to add to
13 the choices you have made or for you to write out any additional
14 wishes.

15 Part 3 of this form lets you express an intention to make an
16 anatomical gift following your death.

17 Part 4 of this form lets you make decisions in advance about
18 certain types of mental health treatment.

19 Part 5 of this form lets you designate a physician to have
20 primary responsibility for your health care.

21 After completing this form, sign and date the form at the end
22 and have the form witnessed by one of the two alternative methods
23 listed below. Give a copy of the signed and completed form to your
24 physician, to any other health care providers you may have, to any
25 health care institution at which you are receiving care, and to any health
26 care agents you have named. You should talk to the person you have
27 named as your agent to make sure that the person understands your
28 wishes and is willing to take the responsibility.

29 You have the right to revoke this advance health care directive
30 or replace this form at any time, except that you may not revoke this
31 declaration when you are determined not to be competent by a court, by

1 two physicians, at least one of whom shall be a psychiatrist, or by both
2 a physician and a professional mental health clinician. In this advance
3 health care directive, "competent" means that you have the capacity

4 (1) to assimilate relevant facts and to appreciate and
5 understand your situation with regard to those facts; and

6 (2) to participate in treatment decisions by means of a
7 rational thought process.

8 PART 1

9 DURABLE POWER OF ATTORNEY FOR
10 HEALTH CARE DECISIONS

11 (1) DESIGNATION OF AGENT. I designate the
12 following individual as my agent to make health care decisions for me:

13 _____

14 (name of individual you choose as agent)

15 _____

16 (address) (city) (state) (zip code)

17 _____

18 (home phone) (work phone)

19 OPTIONAL: If I revoke my agent's authority or if my agent is
20 not willing, able, or reasonably available to make a health care decision
21 for me, I designate as my first alternate agent

22 _____

23 (name of individual you choose as first alternate agent)

24 _____

25 (address) (city) (state) (zip code)

26 _____

27 (home phone) (work phone)

28 OPTIONAL: If I revoke the authority of my agent and first

(name of individual you choose as second alternate agent)

(address) (city) (state) (zip code)

(2) AGENT'S AUTHORITY. My agent is authorized and directed to follow my individual instructions and my other wishes to the extent known to the agent in making all health care decisions for me. If these are not known, my agent is authorized to make these decisions in accordance with my best interest, including decisions to provide, withhold, or withdraw artificial hydration and nutrition and other forms of health care to keep me alive, except as I state here:

(Add additional sheets if needed.)

Under this authority, "best interest" means that the benefits to you resulting from a treatment outweigh the burdens to you resulting from that treatment after assessing

- (A) the effect of the treatment on your physical, emotional, and cognitive functions;
- (B) the degree of physical pain or discomfort caused to you by the treatment or the withholding or withdrawal of the treatment;
- (C) the degree to which your medical condition, the treatment, or the withholding or withdrawal of treatment, results in a severe and continuing impairment;
- (D) the effect of the treatment on your life expectancy;
- (E) your prognosis for recovery, with and

1 without the treatment;

2 (F) the risks, side effects, and benefits of the
3 treatment or the withholding of treatment; and

4 (G) your religious beliefs and basic values, to
5 the extent that these may assist in determining benefits and
6 burdens.

7 (3) WHEN AGENT'S AUTHORITY BECOMES
8 EFFECTIVE. Except in the case of mental illness, my agent's authority
9 becomes effective when my primary physician determines that I am
10 unable to make my own health care decisions unless I mark the
11 following box. In the case of mental illness, unless I mark the
12 following box, my agent's authority becomes effective when a court
13 determines I am unable to make my own decisions, or, in an
14 emergency, if my primary physician or another health care provider
15 determines I am unable to make my own decisions. If I mark this box
16 [], my agent's authority to make health care decisions for me takes
17 effect immediately.

18 (4) AGENT'S OBLIGATION. My agent shall make
19 health care decisions for me in accordance with this durable power of
20 attorney for health care, any instructions I give in Part 2 of this form,
21 and my other wishes to the extent known to my agent. To the extent
22 my wishes are unknown, my agent shall make health care decisions for
23 me in accordance with what my agent determines to be in my best
24 interest. In determining my best interest, my agent shall consider my
25 personal values to the extent known to my agent.

26 (5) NOMINATION OF GUARDIAN. If a guardian of
27 my person needs to be appointed for me by a court, I nominate the
28 agent designated in this form. If that agent is not willing, able, or
29 reasonably available to act as guardian, I nominate the alternate agents
30 whom I have named under (1) above, in the order designated.

31 PART 2

1 INSTRUCTIONS FOR HEALTH CARE

2 If you are satisfied to allow your agent to determine what is best
3 for you in making health care decisions, you do not need to fill out this
4 part of the form. If you do fill out this part of the form, you may strike
5 any wording you do not want. There is a state protocol that governs the
6 use of do not resuscitate orders by physicians and other health care
7 providers. You may obtain a copy of the protocol from the Alaska
8 Department of Health and Social Services. A "do not resuscitate order"
9 means a directive from a licensed physician that emergency
10 cardiopulmonary resuscitation should not be administered to you.

11 (6) END-OF-LIFE DECISIONS. Except to the extent
12 prohibited by law, I direct that my health care providers and others
13 involved in my care provide, withhold, or withdraw treatment in
14 accordance with the choice I have marked below: (Check only one
15 box.)

16 (A) Choice To Prolong Life

17 I want my life to be prolonged as long as
18 possible within the limits of generally accepted health care
19 standards; OR

20 (B) Choice Not To Prolong Life

21 I want comfort care only and I do not want my
22 life to be prolonged with medical treatment if, in the judgment
